

New Life Academy

The Vision

New Life Academy offers young people from Kindergarten 4 to 12th grade, a challenging academic program featuring small classes, leadership opportunities, and a nurturing family-like environment based upon the foundation of Judeo-Christian Scripture. Graduates of New Life Academy will be prepared for success at the university level, Military pursuits, or trade school educational career paths. NLA Crusaders will display the highest levels of leadership, discipline, initiative and integrity. New Life Academy welcomes enrollment applications from children regardless of race, creed or financial status.

Our Mission Statement:

To create a leadership culture wherein school age young people may pursue and acquire a world-class education, which will empower them to successfully reach their God-created potential.

History

1978 was the inaugural year of New Life Academy, which was founded by the late Pastor Dick McCreight. Converting Sunday school rooms into academic learning centers marked the beginning of an educational Ministry destined for a great future. The new school opened its doors to its first seventy-five students on August 22, 1978.

Today, New Life Academy students consistently score above the national standards on The Stanford 10 Achievement Test.

With plans to continue to grow in number of students, programs and staff, a strong endowment is critical to ensure that our mission of excellence is available for future generations of students. So, our administrator, Jeff McCreight, recently founded Destiny Donors, Inc., a public charity which has as its chief mission to generate funding so that the New Life Academy educational experience is sustained and enhanced for future generations of young people.

We encourage you to visit New Life Academy to see for yourself the impact being made on our students that will ultimately benefit our city, nation and world. You may also log on to our website, www.nlacrusaders.com
